# Mayor's Season's Greetings

Peter I. Cavallaro, *Mayor*

[mayor@villageofwestbury.gov](mailto:mayor@villageofwestbury.gov)

Diane and I want to take this opportunity to wish each and every Westbury resident, neighbor and stakeholder a very happy and holy holiday season, and a healthy, prosperous and productive 2026. I also want to thank and send my well wishes to our village employees and staff for their continued dedication, hard work and commitment.

Whatever your faith or tradition, the holidays and year-end allow us the opportunity to pause from the busyness of our lives, and allow us time to reflect on the past year while looking forward with hope for the coming year. I hope we all can take a few moments to be thankful for the many blessings we enjoy individually and as a community.

As we celebrate this holiday season, let us pray for and remember our service men and women, our police and firefighters and other first responders. We thank them for their service to our nation and community. We hope and pray that 2026 will be a year of peace.

It is a privilege for me to serve as Mayor of our special community, and I look forward to continuing to work with all of our residents and community stakeholders to meet the challenges and opportunities that each new year brings. I urge each resident to join me and my colleagues on the village board to do all that we can in 2026 to build on our past successes to keep Westbury the strong, special and vibrant place that we love.

So, from my family to yours, Merry Christmas, Happy Hanukkah, Happy Kwanzaa and Happy New Year! May God bless you and your family.

# Snow Emergency Rules

With winter weather fast approaching, please note the Village's snow emergency rules and procedures:

- A snow emergency automatically exists when snow accumulation exceeds 4.5 inches in depth. When snow reaches that depth, all motor vehicle operators are presumed, by law, to know that a snow emergency exists, and that snow emergency procedures are in place.
- Snow emergencies may also be declared by the Mayor,
- Snow emergencies last for 24 hours, unless sooner terminated.
- No vehicles may be parked on any street within the Village during a snow emergency. This will enable us to ensure that roads stay open for motorists, as well as fire and emergency personnel. The Mayor may implement such other measures deemed appropriate to respond to a snow emergency.

A full description of our snow emergency parking rules can be found in Village Code Chapter 237 Article VII (available on our website: [www.villageofwestbury.gov](http://www.villageofwestbury.gov), *Village Code Section*)

**Village law requires the removal of all automobiles from Village streets during a 24-hour period after a "snow emergency" is declared to facilitate snow plowing.**

**While the Village has the authority to tow cars that are illegally parked during snow emergencies, it is preferred that residents voluntarily comply with these rules. But, in cases where it is necessary to do so, the Village may have cars towed to facilitate plowing and traffic flow.**

**Finally, landlords are required to allow tenants to park in available driveways and may not require that tenants park on streets.**

Residents are also reminded that, following a snowstorm, they are required to clear the sidewalks in front of their homes soon after a storm ends. Businesses are also required to clear snow from the front of their stores. Residents who live on corners or other areas where there are handicap ramps or fire hydrants should clear these areas of snow and ice as well. Residents are encouraged to assist elderly or disabled neighbors during snow events.

By following these rules, residents can assist the Village in dealing with snow emergencies in the best and most expedient manner.

We thank you for your anticipated cooperation.
